

To Whom it may Concern:

This is a letter of intent (LOI) to Invoke the appraisal process.

After careful consideration and finding a reputable License contractor to complete all of my damages to pre-storm condition and receiving an Invoice / estimate from that contractor. I am not satisfied with the amount that you have given for my damages. The amount is not of fair market value and according to my Texas policy it is a cost incurred policy which states that I am supposed to get the correct amount of monies to fix all of my damages.

My claim number is _____ My address is
_____ Texas

Sincerely
